Giving Hope and Nurturing societies

For decades Love & Hope Centre (LHC) has been intervening within communities to help them address their day to day challenges. Through their interventions, they empower youth, women and girls and give hope to the most vulnerable.

COMMUNITY FACILITATORS (CFs)

Comprises a team of local and vocal resident volunteers supported and facilitated by Love and Hope Center to bring together persons and stakeholders to address emerging issues within communities.

Main Areas of Focus

GBV PREVENTION

Main goal of community facilitators is to prevent the cases of Gender Based Violence(GBV) within communities

EMPOWERMENT

Community Facilitators aim to uplift lives and livelihoods of all persons including PWDs. They engage stakeholders and other community members to empower girl, women, and youth.

CLIMATE CHANGE MITIGATION

CFs focus on improving the environment and to mitigate on the effects of climate change.

Our impact

300

Trees Planted

100

Community members engaged.

192

Students nurtured

- The team was able to plant 300 trees in total comprising of indigenous and fruit trees across the two school
- Community members were engaged on issues surrounding GBV, the rights and respect for Persons with Disabilities (PWDs), and on climate change mitigation.
- The team was also able to nurture about 200 students into becoming meaningful and responsible members of the community

Be Part of the Community

Join our community conversations which take place every month in London and Murogi Areas where we engage together on emerging issues within our communities

Advocate against domestic violence and freely report cases of GBV occurring near you. Join us to advocate for the rights of PWDs as we accommodate and value them as part and positive members of our communities.

Support our work in donation or in kind and help us attain our goal of building better communities. You can donate food, utilities for women and girls, clothes, cash and e.t.c..

Spread Hope, Build Communities

Thank you
